

## Baltimore Green Works Artist Application

This brief survey is included in order to better understand your work and your artist's statement. We hope to collect a wide variety of art, representing a variety of mediums and topics. In order to promote Baltimore Green Work's environmental mission, we will also have a specific section called Sustainable Creations. We encourage those whose work reflects environmental sustainability through subject or medium to apply specifically to our "green" section by checking the box below. The information requested here will be used to label work during the show. Please send this application back by mail or email.

Name:

Email Address:

Phone Number:

Mailing Address:

Brief artist's statement/ Personal bio:

Description of Piece(s):

Size of the piece(s):

Value of Piece(s):

Pictures or website (optional):

I would like my art displayed in Sustainable Creations: yes { } no { }

*Thank you!*
